# The Ultimate Kiss - Erotic Hypnosis by Hypnotic Dreams

## A sexy Review by Annie Chanse

<https://web.archive.org/web/20120312132627/http://www.hypnoticdreams.com/for-women/ultimate-kiss.html>)

Upon first listening to “[The Ultimate Kiss \(https://web.archive.org/web/20120312132627/http://www.hypnoticdreams.com/for-women/ultimate-kiss.html\)](https://web.archive.org/web/20120312132627/http://www.hypnoticdreams.com/for-women/ultimate-kiss.html),” I was totally unprepared for what I was hearing. I had never heard anything even remotely similar to the Hypnotic Dreams stories. I will admit it – at first, I was a little taken aback by the frequent pauses of the speaker but, it wasn’t long before I fell into the hypnotic, rhythmic groove that I suddenly realized was exactly what he was going for. At about three minutes into the story, I was incredibly tempted to pause the track simply to go find a candle so that I could watch the flame and “relax and let go.” I managed to resist that urge and simply settled back into my comfy chair and let myself get lost in the speaker’s sexy voice telling me how to connect with my partner. Simply delightful.

At about five minutes in, I became totally enthralled with the story. The sexy, rhythmic voice adds a dimension to the story that can never be achieved with simply reading a book. As the speaker talked about tracing a woman’s lips, I involuntarily began running a finger around my own lips to “feel the sensation.” It is *impossible* not to do so. Each sensation described in the story was mirrored on me. Wonderful.

Now, incredibly sexual person that I am – and an erotica author to boot – one might find it odd to hear me say that reading the slang words for genitalia in magazines, stories, and books still makes me feel odd – not uncomfortable, mind you, but odd – a bit like the giggly feeling you get when you are eleven-years-old and hear someone say *breasts* or *penis*. However, hearing these words – grittier, nastier

words – in this story, there is no feeling of giddiness or silliness. It is one hundred percent hot. A problem with erotica is that sometimes when the author – or in this case, the speaker – moves from the lips to below the belt, it often feels forced or rushed. This story does *not* have that problem. Not only does it not feel rushed, but you will be begging for him to move on and tell you more, more, and MORE!

One of my favorite phrases in the whole piece is this: “It feels good. It feels wonderful. You *love* the way this feels.” It is so insistent, so intense. I just wanted to melt right then and there, confirming that yes I *do* love the way this feels. The piece is full of words and phrases like this one, phrases that I now hear in everyday conversation and instantly get excited simply because it brings this story to mind. For instance, I’ll never be able to hear the words “go deeper” again in *any* context without wanting to excuse myself for some alone time.

This sexual and emotional connection that the speaker talks about continuously is another thing that simply would not work in a printed book, but hearing him repeat it over and over again is wonderfully sensual. This is one area where this medium of hypnotic storytelling really shines. In a book, a continually repeated phrase is seen as monotonous, redundant, or simply lazy writing, but hearing it in this context, gives the repetition a whole other meaning. It becomes almost a mantra, a lovely one. Hearing phrases again and again brings a tactile presence to the narrative that you can hear, see, and touch all at once, and it is *delicious*.

One testament to how talented an author is his ability to make the reader (or listener) feel exactly what he wants the reader to feel about, well, anything. For instance, in this piece, I was able to experience everything, right down to the feeling of sliding a dress over my head in preparation for a big night. It is a further testament to an *erotica* author when he can arouse the reader with an image as seemingly mundane as getting dressed, but when I close my eyes and listen to the speaker tell me to imagine doing my hair, setting the table for dinner, and applying my lipstick, that is exactly what happens. I find myself – here in the real world – imagining fantasy-me blowing my hair dry and, in the real world, start to tingle in all the right places. It is utterly insane, but it is also wonderful.

“[The Ultimate Kiss \(https://web.archive.org/web/20120312132627/http://www.hypnoticdreams.com/for-women/ultimate-kiss.html\)](https://web.archive.org/web/20120312132627/http://www.hypnoticdreams.com/for-women/ultimate-kiss.html)” gives the listener every luscious detail of the *ultimate kiss*. While it is wonderfully sensual and arousing, it doesn’t hold back on the super sexy, messy bits either. And come on, let’s be honest with ourselves, the messy bits are our favorites. Those dirty, gritty details that you wouldn’t dare talk about with your mother... those are the ones that we like the best, and “The Ultimate Kiss” delivers them without being tastelessly profane. It walks the perfectly balanced line of gentlemanly charm and sexy smut, without teetering too far into one or the other. By the time the speaker brings you out of the trance, I guarantee you will be instantly ready to jump back into a second round of hypnotherapy with him. I know I was ready to beg him to put me back under his spell. In fact, that was really my only big complaint with the story – it is entirely too short! Half an hour just isn’t long enough for me.

**[The Ultimate Kiss is available from Hypnotic Dreams \(https://web.archive.org/web/20120312132627/http://www.hypnoticdreams.com/for-women/ultimate-kiss.html\)](https://web.archive.org/web/20120312132627/http://www.hypnoticdreams.com/for-women/ultimate-kiss.html)**

Thank you, Annie, for all the compliments. It's nice to find someone who truly understood what I was going for with The Ultimate Kiss. It would also be nice to know if you benefited from the post-hypnotic suggestions for increased pleasure with your real-life partner. But perhaps that would be getting too personal.
